WEATHER ALERT

October 9, 2018

Dear Residents/Participants:

In an effort to prepare you for the forecasted Hurricane Michael, expected Wednesday, October 10, 2018, we ask that all residents/participants please read the following information thoroughly and be properly prepared in the event of the Hurricane.

It is important to remember that Hurricanes and all associated weather alerts are to be taken seriously. Given the potential for a Hurricane, please take the necessary steps to prevent items stored on your porches or balconies from becoming projectiles. If you have not done so already, please clear off balconies, porches and patios. Also, place rolled towels around the bottom of all exterior doors and windows to prevent or reduce water intrusion. Close all blinds to avoid shattering glass.

In the event of a severe weather alert, if you are in your apartment, please take shelter inside the bathtub and cover yourself with a mattress or blanket.

You should have the following items on hand for all weather emergencies: cell phone, non-perishable food, bottled water, first aid kit, pillow, blanket, flashlight, can opener, batteries, weather radio, medication, diapers, baby food, eye glasses, hearing aids and battery-powered lanterns.

Beware of outdoor hazards. Watch out for loose or dangling power lines and report them immediately to the proper authority. Be cautious when driving, look-out for tree limbs and debris on the road.

For additional information please dial 211 for available shelters and 911 for all other emergencies.

Sincerely,

Evette Hester
Executive Director
