

ADDENDUM THREE

DATE: December 10, 2020
TO: All Bidders
FROM: Sheila Brown, Interim Procurement/Contract Administrator
RE: **ADDENDUM #3 Questions and Answers #2**

Can you provide some clarification on the tiers of bandwidth asked to quote? Using the host location as an example, are you wanting to see just 500Mb and 3Gb? Or is it tiered? 500mb, 600Mb, 700Mb and so on? Thank you.

Page 11.

- Host Location (Administrative Offices) Fiber Based Internet Access Options 500M – 3G w/managed firewall
 - Provide redundant service options
- Housing office/community (these are the remote locations) bandwidth options: 200 – 500 M
 - Deploy public Wifi at each office and Private Wifi at Central office
 - Gibbs Village East Community Center – Deploy Managed Wifi service – 50 users

MHA Response: Please provide a tiered quote

We are grateful for your interest in doing business with our Agency and we look forward to receiving a proposal from your firm.
