Marketplace Comments

"Following the steps laid out in the software helps me to feel more confident that our procurements are compliant. Work the system and it will work for you! The marketplace is also very beneficial because of all of the additional vendors that I can solicit, thereby adding more competition for each project. My favorite feature however, is the fact that the software will automatically generate many of the forms needed at the end of the procurement based on the information I input. That saves me time because I don't have to create my own!"
