

ADDENDUM SEVEN

DATE: January 18, 2023
TO: All Respondents
FROM: Sheila Brown, Procurement/Contract Administrator
RE: **ADDENDUM #7 Question and Answers 4**

What is the sample size per SEMAP Indicator? I know that your regular universe is 35 but some indicators require information that is not available in the RFP (i.e. Waiting List).

MHA Response: All indicator sample size will be based upon the universe chart below:

Universe	Minimum number of files or records to be sampled
50 or less	5
51-600	5 plus 1 for each 50 (or part of 50) over 50
601-2000	16 plus 1 for each 100 (or part of 100) over 600
Over 2000	30 plus 1 for each 200 (or part of 200) over 2000

We are grateful for your interest in doing business with our Agency and we look forward to receiving a proposal from your firm.
